The Condotel
is the newest in accommodations to the vacationing lifestyles of families and couples looking for high quality resort accommodations at reasonable prices and additional savings.
The physical differences between a condotel and a hotel room are just that – a hotel room with a mini bar compared to a luxurious contemporary furnished home away from home with full kitchens, separate bedrooms with split floor plans, additional privacy and a main living area for the occupants to enjoy each others company. Many condotels are built in high-rise and townhouse designs, and priced as a single hotel room making renting a condotel the second wisest decision of your vacation.
Condotels are specifically designed for you, the vacationer, and are normally in highly sought after areas from beaches to mountain resorts and equipped with additional modern amenities such as onsite offices, Bar-B-Q areas, shuffle boards, tennis courts, pools, spas, clubhouses, fitness centers and many more within walking distances to beaches, restaurants and short drives to area attractions.
